

The Bipartisan Infrastructure Law is Delivering for Kansas

\$853 million in Bipartisan Infrastructure Law funding is heading to Kansas with over 95 projects identified for funding

Roads and Bridges

Kansas is expected to receive \$2.8 billion in federal funding to fix the 1,321 bridges and over 1,995 miles of highway that are in poor condition.

High-Speed Internet

Nearly 23% of Kansans do not have an internet subscription.

- Kansas will receive at least \$200 million to help ensure high-speed coverage across the state.
- Also, as many as 412,000 households are eligible for the Affordable Connectivity Program.

Resilience

In the last decade, Kansas has experienced 39 extreme weather events, costing the state up to \$20 billion in damages.

- \$32 million has been allocated to Kansas in 2022 for weatherization.
- \$6.7 million to help prevent outages and make the power grid more resilient in 2022.

Public Transit

1 in 10 transit vehicles in the state are currently past useful life. KS has been allocated \$49 million to improve public transportation in fiscal year 2022.
