Washington, D.C. 20515

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for generator improvements at the Renner Pump Station in Olathe, Kansas in fiscal year 2024. The entity to receive funding for this project is the City of Olathe, located at 100 E. Santa Fe Street, Olathe, KS 66061. The funding would be used for replacing the existing generator and making the facility compliant with modern electrical, building, and safety code requirements. The project is an appropriate use of taxpayer funds because this generator ensures access to water in an emergency, which is essential for the health and safety of Olathe residents.

The project has a Federal nexus because the funding provided is for purposes authorized by section 203 of the Stafford Act (42 U.S.C. 5133), as amended by Section 1234, National Public Infrastructure Pre-Disaster Hazard Mitigation, of the Disaster Recovery Reform Act (DRRA) of 2018.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Sharice L. Davids
Member of Congress
