The Honorable Rosa DeLauro  
Ranking Member  
Committee on Appropriations

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for Princeton Stormwater Improvements in fiscal year 2025. The entity to receive funding for this project is the City of Princeton, located at 316 Galveston St., Princeton, Kansas, 66078. The funding would be used for improvements to the storm drainage system throughout the town. This would include ditch work, tube replacements, and much more related to water drainage management. The project is an appropriate use of taxpayer funds because current stormwater issues are hindering industrial and economic growth in the region. This project would help to provide measures to manage, reduce, treat, and recapture stormwater or subsurface drainage water.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Sharice L. Davids  
Member of Congress
