Committee on Appropriations

Dear Chairman Cole and Ranking Member DeLauro,

I am requesting funding for City of Garnett Electric Infrastructure Improvements in Fiscal Year 2027. The entity to receive funding for this project is City of Garnett, located at 131 West 5th Ave., Garnett, KS 66032. The funding would be used to expand municipal electric grid capacity. This request would provide new electrical equipment, including poles, ACSR (wire conduit), transformers, insulators, and conductors. The project is an appropriate use of taxpayer funds because more reliable infrastructure benefits all citizens by helping prevent overloaded circuits, as well as ensures the electrical system can safely handle the growing power demands without causing power outages. This project could create jobs as the updated electric infrastructure could entice more economic development, as well as developers to build more housing, which would create more utility revenue, sales tax revenue, and property tax revenue for the community.

The project has a federal nexus because the funding provided is consistent with purposes authorized in 42 U.S.C. 5305(a)(2).

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

Sharice L. Davids  
Member of Congress
